

APPENDIX II

At

٤

AGREEMENT BETWEEN

THE GOVERNMENT OF THE STATE OF QATAR

AND

THE GOVERNMENT OF THE REPUBLIC OF SIERRA LEONE

FOR AIR SERVICES

The Government of the State of Qatar; and

The Government of the Republic of Sierra Leone;

Hereinafter referred to as (the Contracting Parties)

Being parties to the Convention on International Civil Aviation opened for signature at Chicago on the seventh day of December, 1944;

Desiring to conclude an Agreement, supplementary to the said Convention, for the purpose of establishing air services between and beyond their respective territories;

Have agreed as follows:

5 4

104

Definitions

For the purpose of this Agreement, unless the context otherwise requires:

- The term "the Convention" means the Convention on International Civil Aviation opened for signature at Chicago on the seventh day of December, 1944 and includes any annex adopted under article 90 of that Convention and any amendment of the annexes or Convention under articles 90 and 94 thereof, so far as those annexes and amendments have become effective for or been ratified by both Contracting Parties;
- The term "Agreement" means this Agreement, the Annex attached thereto and any Protocols or similar documents amending this Agreement or the Annex.
- 3. The term "aeronautical authorities" means: in the case of the Government of the State of Qatar; the Minister of Transport, and in the case of the Government of the Republic of Sierra Leone; the Sierra Leone Civil Aviation Authority, and in both cases any person or body authorized to perform any functions at present exercisable by the said authorities or similar functions,
- The term "designated airline" means an airline which has been designated and authorized in accordance with Article 4 of this Agreement;
- The terms "air service", "international air service", "airline" and "stop for non-traffic purposes", have the meanings respectively assigned to them in Article 96 of the Convention.
- 6. The term "Capacity" in relation to an aircraft means the payload of the aircraft available on the route or section of a route; and in relation to a specified air service means the capacity of aircraft, used on such service, multiplied by the frequency of the flights, operated by such an aircraft over a given period and route or section of route.
- The terms "Agreed Services" and "specified routes" have the meaning respectively of scheduled international air services and of routes specified in the Annex to this Agreement.
- 8. The term "Tariff" means the prices to be paid for the carriage of passengers, baggage and cargo and the conditions under which those prices apply, including prices and conditions for agency and other auxiliary service, but excluding remuneration and conditions for the carriage of mail.
- The term "User Charges" means fees or rates levied for the use of airports, navigational facilities and other related services offered by one Contracting Party to the other.
- The term "territory" in relation to a state has the meaning assigned to it in Article 2 of the Chicago Convention.

Page 2 of 15

. 8

SH

Applicability of Chicago Convention

The provisions of this Agreement shall be subject to the provisions of the Convention in so far as those provisions are applicable to international air services.

ARTICLE 3

Grant of Rights

Each Contracting Party grants to the other Contracting Party the following rights in respect of its scheduled international air services:

- a) the right to fly across its territory without landing;
- b) the right to make stops in its territory for non-traffic purposes.
- 2. Each Contracting Party grants to the other Contracting Party the rights specified in this Agreement for the purpose of establishing scheduled international air services on the routes specified in the appropriate section of the Schedules annexed to this Agreement. Such services and routes are hereafter called "the agreed services" and "the specified routes" respectively. While operating an agreed service on a specified route, the airline designated by each Contracting Party shall enjoy in addition to the rights specified in paragraph (1) of this Article the right to make stops in the territory of the other Contracting Party and in any third country at the points specified for that route in the schedules annexed to this Agreement for the purpose of taking on board and discharging passengers and cargo including mail, in combination or separately, without limitations regarding routes, frequencies, and flying material that can be of its own, hired or chartered.

ARTICLE 4

Designation and Authorization

- Each Contracting Party shall have the right to designate in writing to the other Contracting Party an airline or airlines for the purposes of operating the agreed services on the specified routes.
- 2. On receipt of such designation, the other Contracting Party shall, subject to the provisions of paragraphs (3) and (4) of this Article, without delay grant to the airline designated the appropriate operating authorizations.
- 3 The aeronautical authorities of one Contracting Party may require the airline designated by the other Contracting Party to satisfy them that it is qualified to fulfill the conditions prescribed under the laws and regulations normally and reasonably applied to the operation of international air services by such authorities in conformity with the provisions of the Convention.

S.H

1.

Page 3 of 15

4. Each Contracting Party shall have the right to refuse to grant the operating authorization referred to in paragraph (2) of this Article, or to impose such conditions as it may deem necessary on the exercise by a designated airline of the rights specified in Article (3) of this Agreement, in any case where the said Contracting Party is not satisfied that substantial ownership and effective control of that airline are vested in the Contracting Party designating the airline, its nationals, or both.

ARTICLE 5

Revocation and Suspension of Operating Authorization

- Each Contracting Party shall have the right to revoke an operating authorization or to suspend the exercise of the rights specified in Article (3) of this Agreement by an airline designated by the other Contracting Party, or to impose such conditions as it may deem necessary on the exercise of these rights:
 - a) in any case where it is not satisfied that substantial ownership and effective control of that airline are vested in the Contracting Party designating the airline, the nationals of such Contracting Party, or both; or
 - b) in the case of failure by that airline to comply with laws or regulations of the Contracting Party granting these rights; or
 - c) in case the airline otherwise fails to operate in accordance with the conditions prescribed under this Agreement.
- Unless immediate revocation, suspension, or imposition of the conditions mentioned in paragraph (1) of this Article is essential to prevent further infringement of laws or regulations, such right shall be exercised only after consultation with the other Contracting Party.

ARTICLE 6

Exemption from Customs and other Duties

- 1. Aircraft operated on international air services by the designated airline of either Contracting Party, as well as their regular equipment; supplies of fuel and lubricants, and aircraft stores (including food, beverages and tobacco) on board such aircraft shall be exempted from all customs duties, inspection fees and other similar charges on arriving in the territory of the other Contracting Party, provided that such equipment and supplies remain on board the aircraft up to such time as they are re-exported or are used on the part of the journey performed over that territory.
- They shall also be exempt from the same duties, fees and charges, with the exception of charges corresponding to the service performed,

X.

- a) aircraft stores taken on board in the territory of a Contracting Party, within limits fixed by the authorities of the said Contracting party, and for use on board outbound aircraft engaged in an international air service of the other Contracting Party;
- b) spare parts and regular equipment introduced into the territory of either Contracting Party for the maintenance or repair of aircraft used on international air services by the designated airline of the other Contracting Party;
- c) fuel and lubricants supplied in the territory of a Contracting Party to outbound aircraft of a designated airline of the other Contracting Party engaged in an international air service, even when these supplies are to be used on the part of the journey performed over the territory of the Contracting Party in which they are taken on board;
- advertising materials, uniform items and airline documentation having no commercial value used by the designated airline of one Contracting Party in the territory of the other Contracting Party;
- e) the office equipment introduced in the territory of either Contracting Party in order to be used in the offices of the designated airline of the other Contracting Party provided that such equipment is in the disposal of those offices during three (3) years from the date of their introduction into that territory and the principle of reciprocity applies.

Materials referred to in sub-paragraphs (a), (b) and (c) of this paragraph may be required to be kept under customs supervision or control.

- Passengers, baggage and cargo in direct transit across the territory of one Contracting Party and not leaving the area of the airport reserved for such purpose shall be subject to a very simplified control. Baggage and cargo in direct transit only shall be exempt from customs duties and other similar taxes.
- 4. The regular airborne equipment, as well as the materials and supplies retained on board the aircraft of either Contracting Party, may be unloaded in the territory of the other Contracting Party only with the approval of the customs authorities of that territory. In such a case, they may be placed under the supervision of the said authorities up to such time as they are re-exported or otherwise disposed of in accordance with customs regulations.

ARTICLE 7

Competition among Airlines

- Each Contracting Party shall allow a fair and equal opportunity for the designated airlines of both Contracting Parties to compete in providing the international air transportation governed by this Agreement.
- The capacity of international air transport offered by the designated airlines shall be determined freely by each of them.

SH

- Neither Contracting Party shall unilaterally limit the volume of traffic, frequency or regularity of service, or the aircraft type or types operated by the designated airline of the other Contracting Party, except as may be required for customs, technical, operational, or environmental reasons under uniform conditions consistent with Article 15 of the Convention and always on a non-discriminatory basis.
- 4 Both Contracting Parties shall adopt all such measures as required within their jurisdiction to prevent any form of discrimination or unfair competition practices affecting the competitiveness of the airline of the other Contracting Party.
- 5 Each Contracting Party shall minimize the administrative burdens of filing requirements and procedures on designated airline of the other Contracting Party and ensure that such burdens and procedures are applied upon a nondiscriminatory basis.

Tariffs

- 1 Each Contracting Party shall allow tariffs for air services to be established by each designated airline based upon commercial considerations in the market place. Neither Contracting Party shall require its airline to consult other airlines about the tariffs they charge or propose to charge for services covered by this Agreement.
- 2 Each Contracting Party may require notification or filing of any tariff to be charged by its own designated airline. Neither Contracting Party shall require notification or filing of any tariffs to be charged by the designated airline of the other Contracting Party. Tariffs may remain in effect unless subsequently disapproved under paragraph (5) of this Article.
- 3. Intervention by the Contracting Parties shall be limited to:
 - a) the protection of consumers from tariffs that are excessive due to the abuse of market power;
 - b) the prevention of tariffs whose application constitutes anti-competitive behaviour which has or is likely to have or is explicitly intended to have the effect of preventing, restricting or distorting competition or excluding a competitor from the route.
- 4. Each Contracting Party may unilaterally disallow any tariff filed or charged by its own designated airline. However, such intervention shall be made only if it appears to the aeronautical authority of that Contracting Party that a tariff charged or proposed to be charged meets either of the criteria set out in paragraph (3) of this Article.
- 5. Neither Contracting Party shall take unilateral action to prevent the coming into effect or continuation of a tariff charged or proposed to be charged by the airline of the other Contracting Party. If one Contracting Party believes that any such tariff is inconsistent with the considerations set out in paragraph (3) of this Article, it may request consultations and notify the other Contracting Party of the

SH

reasons for its dissatisfaction. These consultations shall be held not later than (14) fourteen days after receipt of the request. Without a mutual agreement the tariff shall take effect or continue in effect.

ARTICLE 9

Aviation Security

- Consistent with their rights and obligations under international law, the Contracting Parties reaffirm that their obligation to each other to protect the security of civil aviation against acts of unlawful interference forms an integral part of this Agreement. Without limiting their rights and obligations under international law, the Contracting Parties shall in particular act in conformity with the provisions of the Convention on Offences and Certain Other Acts Committed on Board Aircraft, signed at Tokyo on 14 September 1963, the Convention for the Suppression of Unlawful Seizure of Aircraft, signed at the Hague on 16 December 1970, and the Convention for the Suppression of Unlawful Acts against the Safety of Civil Aviation, signed at Montreal on 23 September 1971, the Protocol for the Suppression of Unlawful Acts of Violence at Airports Serving International Civil Aviation, signed at Montreal on 24 February 1988, the Convention on Marking of Plastic Explosives for the Purpose of Detection, signed at Motreal on 1 March 1991, and the provisions of multilateral agreements and protocols which will become binding on both Contracting Parties.
- The Contracting Parties shall provide upon request all necessary assistance to each other to prevent acts of unlawful seizure of civil aircraft and other unlawful acts against the safety of such aircraft, their passengers and crew, airports and air navigation facilities, and any other threat to the security of civil aviation.
- 3. The Contracting Parties shall, in their mutual relations, act in conformity with the aviation security provisions established by the International Civil Aviation Organization and designated as Annexes to the Convention to the extent that such security provisions are applicable to both Contracting Parties; they shall require that operators of aircraft of their registry, operators of aircraft who have their principal place of business or permanent residence in their territory and the operators of airports in their territory act in conformity with such aviation security provisions.
- 4. Each Contracting Party agrees that such operators of aircraft shall be required to observe the aviation security provisions referred to in paragraph (3) of this Article in accordance with the laws and regualtions in force required by the other Contracting Party for entry into, departure from, or while within, the territory of that other Contracting Party.
- 5. Each Contracting Party shall ensure that adequate measures are effectively applied within its territory to protect the aircraft and to inspect passengers, crew, carry-on items, baggage, cargo and aircraft stores prior to and during boarding or loading. Each Contracting Party shall also give positive

1

consideration to any request from the other Contracting Party for reasonable special security measures to meet a particular threat.

- 6. When an incident or threat of an incident of unlawful seizure of civil aircraft or other unlawful acts against the safety of such aircraft, their passengers and crew, airports or air navigation facilities occurs, the Contracting Parties shall assist each other by facilitating communications and other appropriate measures intended to terminate rapidly and safely such an incident or threat thereof.
- 7.
- Should one Contracting Party have problems with regard to the aviation security provisions of this Article, the aeronautical authorities of either Contracting Party may request immediate consultations with the aeronautical authorities of the other Contracting Party.

ARTICLE 10

Aviation Safety

- Each Contracting Party may request consultations at any time concerning safety standards in any area relating to aircrew, aircraft or their operation adopted by the other Contracting Party. Such consultations shall take place within (30) thirty days of that request.
- 2. If, following such consultations, one Contracting Party finds that the other Contracting Party does not effectively maintain and administer safety standards in any such area that are at least equal to the minimum standards established at that time pursuant to the Convention, the first Contracting Party shall notify the other Contracting Party of those findings and the steps considered necessary to conform with those minimum standards, and that other Contracting Party shall take appropriate corrective action. Failure by the other Contracting Party to take appropriate action within (15) fifteen days or such longer period as may be agreed, shall be grounds for the application of Article (5) of this Agreement.
- 3. Notwithstanding the obligations mentioned in Article 33 of the Convention, it is agreed that any aircraft operated by the airline of one Contracting Party on services to or from the territory of the other Contracting Party may, while within the territory of the other Contracting Party, be made the subject of an examination by the authorized representatives of the other Contracting Party, on board and around the aircraft to check both the validity of the aircraft documents and those of its crew and the apparent condition of the aircraft and its equipment (in this Article called "ramp inspection"), provided this does not lead to unreasonable delay.
- If any such ramp inspection or series of ramp inspections gives rise to:
 - a) serious concerns that an aircraft or the operation of an aircraft does not comply with the minimum standards established at that time pursuant to the Convention, or

H

Page 8 of 15

b) serious concerns that there is a lack of effective maintenance and administration of safety standards established at that time pursuant to the Convention,

the Contracting Party carrying out the inspection shall, for the purposes of Article 33 of the Convention, be free to conclude that the requirements under which the certificate or licenses in respect of that aircraft or in respect of the crew of that aircraft had been issued or rendered valid, or that the requirements under which that aircraft is operated, are not equal to or above the minimum standards established pursuant to the Convention.

- 5. In the event that access for the purpose of undertaking a ramp inspection of an aircraft operated by an airline of one Contracting Party in accordance with paragraph (3) of this Article is denied by the representative of that airline, the other Contracting Party shall be free to infer that serious concerns of the type referred to in paragraph (4) of this Article arise and draw the conclusions referred to in that paragraph
- 6. Each Contracting Party reserves the right to suspend or vary the operating authorization of the airline of the other Contracting Party immediately in the event the first Contracting Party concludes, whether as a result of a ramp inspection, consultation or otherwise, that immediate action is essential to the safety of an airline operation.
- Any action by one Contracting Party in accordance with paragraphs (2) or (6) of this Article shall be discontinued once the basis for the taking of that action ceases to exist.

ARTICLE 11

User Charges

Any charge that may be imposed or permitted to be imposed by a Contracting Party for the use of airports and air navigation facilities by the aircraft of the other Contracting Party shall not be higher than those that would be paid by its national aircraft engaged in scheduled international air services.

ARTICLE 12

Applicability of National Legislation

- The laws and regulations of a Contracting Party as to the admission to or departure from its territory of passengers, crew or cargo of aircraft, such as regulations relating to entry, clearance, immigration, passports, customs, currency, health and quarantine shall be complied with by or on behalf of such passengers, crew or cargo upon entrance into or departure from, or while within the territory of that Contracting Party.
- The laws and regulations of a Contracting Party relating to the admission to or departure from its territory of aircraft engaged in international air navigation,

Page 9 of 15

SH

1

2

or to the operation and navigation of such aircraft shall be applied to aircraft of the other Contracting Party while within its territory.

3.

The appropriate authorities of a Contracting Party shall have the right without unreasonable delays, to search aircraft of the other Contracting Party on landing or departure and to inspect the certificate and other documents prescribed by the Convention.

ARTICLE 13

Commercial Activities

1. The airlines of each Contracting Party shall have the right to establish offices in the territory of the other Contracting Party for the promotion and sale of air services.

2. The designated airlines of each Contracting Party shall be entitled, in accordance with the laws, regulations and rules of the other Contracting Party relating to entry, residence and employment, to bring in and maintain in the territory of the other Contracting Party managerial, sales, technical, operational and other specialist staff required for the provision of air services.

3. Any airline of each Contracting Party may engage in the sale of air services in the territory of the other Contracting Party directly and, at the airline's discretion, through its agents. Each airline shall have the right to sell such transportation and any person shall be free to purchase such transportation, in the currency of that territory or in freely convertible currencies.

4. Each airline shall have the right to convert and remit to its country, on demand, local revenues in excess of sums locally disbursed. Conversion and remittance shall be permitted promptly without restrictions or taxation in respect thereof at the rate of exchange applicable to current transactions and remittance on the date the carrier makes the initial application for remittance.

5. The airlines of each Contracting Party shall be permitted to pay for local expenses, including purchases of fuel, in the territory of the other Contracting Party in local currency. At their discretion, the airlines of each Contracting Party may pay for such expenses in the territory of the other Contracting Party in freely convertible currencies according to local currency regulation.

6. Notwithstanding anything contained in this Article, the exercise of rights under this Article shall be in accordance with the applicable domestic laws, regulations and rules, and the Contracting Parties stipulate that the laws, regulations and rules shall be administered in a non-discriminatory fashion and consistent with the purposes of the Agreement.

7. Each designated airline shall have the right to perform its own ground-handling in the territory of the other Contracting Party ("self-handling") or, at its option, select among competing agents for such services in whole or in part. The rights shall be subject only to physical constraints resulting from considerations of airport safety. Where such considerations preclude self-handling, ground services shall be available on an equal basis to all airlines; charges shall be based on the costs of services provided; and such services shall be comparable to the kind and quality of services which would be available if self-handling were possible.

8. Notwithstanding any other provision of this Agreement, airlines and indirect providers of cargo transportation of both Contracting Parties shall be permitted, without restriction, to employ in connection with international air services any surface transportation for cargo to or from any points in the territories of the Contracting Parties or in third countries, including transport to and from all airports with customs facilities, and including, where applicable, the right to transport cargo in bond under applicable laws and regulations. Such cargo, whether moving by surface or by air, shall have access to airport customs processing and facilities. Airlines may elect to perform their own surface transportation or to provide it through arrangements with other surface carriers, including surface transportation operated by other airlines and indirect providers of cargo air services. Such intermodal cargo services may be offered at a single, through price for the air and surface transportation.

ARTICLE 14

Consultations

- 1. In a spirit of close co-operation, the aeronautical authorities of the Contracting Parties shall consult each other from time to time with a view to ensuring the implementation of, and satisfactory compliance with, the provisions of this Agreement and the Annexed Schedules and shall consult when necessary to provide for modifications thereof.
- 2. Either Contracting Party may request consultation in writing which shall begin within a period of (60) sixty days of the date of receipt of the request, unless both Contracting Parties agree to an extension of this period.

ARTICLE 15

Settlement of Disputes

- If any dispute arises between the Contracting Parties relating to the interpretation or application of this Agreement, the Contracting Parties shall in the first place endeavour to settle it by negotiation.
- 2. If the Contracting Parties fail to reach a settlement by negotiation, they may agree to refer the dispute for decision to some person or body; if they do not so agree, the dispute shall, at the request of either Contracting Party be submitted for decision to a tribunal of (3) three arbitrators, one to be nominated by each Contracting Party and the third to be appointed by the two so nominated. Each of the Contracting Parties shall nominate an arbitrator within a period of (60) sixty days from the date of receipt by either Contracting Party from the other of a notice through diplomatic channels requesting arbitration of the dispute by such a tribunal, and the third arbitrator shall be appointed within a further period of (60) sixty days. If either of the Contracting Parties fails to nominate an arbitrator within the period specified, or if the third arbitrator is not appointed within the period specified, the President of the Council of the International Civil Aviation Organization may, at the request of either Contracting Party, appoint an arbitrator or arbitrators as the case

SH

Page 11 of 15

requires. In such case, the third arbitrator shall be a national of a third State and shall act as President of the arbitral tribunal.

- The cost of the arbitration tribunal and any other costs shall be borne in equal parts by the Contracting Parties.
- The Contracting Parties shall comply with any decision given under paragraph (2) of this Article.

ARTICLE 16

Amendments

- If either of the Contracting Parties considers it desirable to modify any provision of this Agreement, such modifications, if agreed between the Contracting Parties and if necessary after consultation in accordance with Article (14) of this Agreement, shall come into effect when confirmed by an exchange of notes, through the diplomatic channels.
- If the amendment relates to the provisions of the Agreement other than those of the annexed schedules, the amendment shall be approved by each Contracting Party in accordance with its legal procedures.
- If the Amendment relates only to the provisions of the Annex to this Agreement, it may be agreed upon directly between the aeronautical authorities of both Contracting Parties and would be effective from the date agreed upon by the aeronautical authorities.

ARTICLE 17

Registration with the International Civil Aviation Organization

This Agreement and any subsequent amendments thereto shall be registered with the International Civil Aviation Organization by the State where the signature of the Agreement will take place.

ARTICLE 18

Recognition of Certificates and Licences

1

Certificates of airworthiness, certificates of competency and licences issued or rendered valid by one Contracting Party, and still in force, shall be recognized as valid by the other Contracting Party for the purpose of operating services provided for in this Agreement, provided that the requirements under which such certificates or licences were issued or rendered valid are equal to or above the minimum standards which are or may be established pursuant to the Convention. Each Contracting Party reserves the right, however, to refuse to recognize, for the purpose of flights above its own territory, certificates of competency and licences granted to its

S.H

own nationals or rendered valid for them by the other Contracting Party or by any other State.

If the privileges or conditions of the licences or certificates referred to in paragraph (1) of this Article, issued by the Aeronautical Authorities of one Contracting Party to any person or designated airline or in respect of an aircraft operating the agreed services on the specified routes would permit a difference from the standards established under the Convention, and which difference has been filed with the International Civil Aviation Organization, the Aeronautical Authorities of the other Contracting Party may request consultations in accordance with Article (14) of this Agreement with the Aeronautical Authorities of that Contracting Party with a view to satisfying themselves that the practice in question is acceptable to them. Failure to reach a satisfactory agreement will constitute grounds for the application of Article (5) of this Agreement.

ARTICLE 19

Conformity with Multilateral Conventions

If a general multilateral air transport convention or agreement comes into force in respect of both Contracting Parties, this Agreement and its Annexes shall be deemed to be amended accordingly.

ARTICLE 20

Termination

Either Contracting Party may at any time give notice to the other Contracting Party of its decision to terminate this Agreement; such notice shall be simultaneously communicated to the International Civil Aviation Organization. In such case the Agreement shall terminate (12) twelve months after the date of receipt of the notice by the other Contracting Party, unless the notice to terminate is withdrawn by agreement before the expiry of this period. In the absence of acknowledgement of receipt by the other Contracting Party, notice shall be deemed to have been received (14) fourteen days after the receipt of the notice by the International Civil Aviation Organization.

SH

2

st

Entry into Force

This Agreement shall be approved according to the legal procedures in each Contracting Party and shall come into force on the day of an exchange of diplomatic notes by the Contracting Parties confirming the fulfilment of the said procedures.

In witness whereof, the undersigned, being duly authorized thereto by their respective governments, have signed this Agreement.

Done at......in duplicate, in Arabic, and English languages, both texts being equally authentic. In case of divergent interpretation, the English text shall prevail.

ANNEX

Route Schedule 1

1. Routes to be operated by the designated airline of the State of Qatar:

(1)	(2)	(3)	(4)
From	Intermediate Points	То	Beyond Points
Any points in Qatar	Any points	Any points in Sierra Leone	Any points

 The designated airline of the Government of the State of Qatar may, on all or any flights, omit calling at any of the points in columns (2) and (4) of this Route Schedule, provided that the agreed services on these routes begin at a point in column (1).

Route Schedule 2

1. Routes to be operated by the designated airline of the Republic of Sierra Leone:

(1)	(2)	(3)	(4)
From	Intermediate Points	То	Beyond Points
Any points in Sierra Leone	Any points	Any points in Qatar	Any points

 The designated airline of the Government of the Republic of Sierra Leone may, on all or any flights, omit calling at any of the points in columns (2) and (4) of this Route Schedule, provided that the agreed services on these routes begin at a point in column (1).

SH
