III - QUESTIONS

001 - HON. IBRAHIM BUNDU: To ask the Minister of Trade and Industry to explain to this Honourable House:

Dire increase in price of essential goods seems to be the order of the day since your appointment as

Minister of Trade and Industry. Please explain for the benefit of Parliament and the people why this is so?

Please include in your answer the following specific questions:

1. We understand that there is a fund called Strategic Stocks Fund from the sale of petroleum products:
 - (a) What has happened to this fund?
 - (b) What do you use the Strategic funds for? The same way and purpose.
 - (c) How do you compare prices in Sierra Leone and in neighbouring countries.
2. The smuggling of goods from Sierra Leone is one factor causing shortage and hence increase in prices. What steps are you taking to address this situation?
3. In some countries, the Customs and Excise Department and the preshipment inspection agencies like Intertek are under the Ministry of Trade and Industry for reasons related to trade statistics, price regulation etc. Is this the case here? If not, why not? And what difficulties does this create for the Ministry of Trade and Industry.
4. It is obvious that there is a cartel of businessmen and businesswomen in especially the trade on rice, flour and sugar and hence a monopoly. What can't Government invest as well by importing these items so as to create competition
5. I understand that Government has even sold or rented the sheds on bonded ware houses to Lebanese Businessmen thus depriving others who may want to bring in similar goods. What steps are you taking to reverse this unfair situation?

6. Our customs tariffs and port charges are considered very high and this partly accounts for the low level of imports into our ports. What can you do to attract more imports into the country and to effect lowering of prices

**REPLY BY THE MINISTER OF TRADE &
INDUSTRY**

002 - **HON. TAMBA E. KAINGBANJA:** To ask the Minister of Agriculture and Food Security:
